Purpose

The Board recognizes the importance of establishing and maintaining a Records Management Plan that defines district staff responsibilities and complies with federal and state laws and regulations.

Authority

The Board shall retain, as a permanent record of the district, Board minutes, annual auditor's reports and annual financial reports. All other financial records, including financial account books, orders, bills, contracts, invoices, receipts and purchase orders, shall be retained by the district for a period of not less than seven (7) years.[1]

All other district records shall be retained in accordance with state and federal law and regulations and the district Records Management Plan approved by the Board.

The district shall make a good faith effort to comply with all proper requests for record production. Selective destruction of records in anticipation of litigation is forbidden.[2][3]

Definitions

Electronic Mail (Email) System - a system that enables users to compose, transmit, receive and manage text and/or graphic electronic messages and images across local area networks and through gateways connecting other networks. This information consists primarily of messages but may include attachments such as calendars, directories, distribution lists, word processing documents, spreadsheets, and other electronic documents.

Litigation Hold - a communication ordering that all records and data relating to an issue being addressed by current or potential litigation or investigation be preserved for possible production during the litigation or investigation.

Records - information, regardless of physical form or characteristics, that documents a transaction or activity of the district and that is created, received or retained pursuant to law or in connection with a transaction, business or activity of the district. The term includes a document, paper, letter, map, book, tape, photograph, film or sound recording, information stored or maintained electronically and a data-processed or image-processed document.[4]

Records Management Plan - the system implemented by the district for the retention, retrieval, and disposition of all records generated by district operations.

Records Retention Schedule - a comprehensive listing stating retention periods and proper disposition of records.

Delegation of Responsibility

Records Coordinator

In order to maintain a Records Management Plan that complies with federal and state laws and regulations and Board policy, the Board designates the Business Manager as the district's Records Coordinator who shall serve as the chairperson of the Records Management Committee.

The Records Coordinator shall be responsible to:

1. Ensure that training appropriate to the user's position and level of responsibility is provided. Such training may include training to destroy records according to retention schedule
2. Review the Records Management Plan periodically to ensure that record descriptions and retention periods are updated as necessary.
3. Identify, when the retention period expires, the specific records to be disposed of and ensure that all identified records are properly disposed of annually.

Guidelines

Records Management Plan

The district's Records Management Plan shall be the principal means for the retention, retrieval, and disposition of manual and electronic records, including emails. The Plan shall not rely primarily on backup systems to manage the retention and disposition of records.

The Records Management Plan shall include:

1. Comprehensive listing of records and data of the district.
2. Criteria to distinguish records of the school district from the supplemental personal records of individual employees. [7][8]
3. System(s) of records storage and retrieval to be used, including in what form the records will be stored, maintained, reproduced, and disposed.
4. Preservation measures to protect the integrity of records and data.
5. Data map or flow chart detailing the sources, routes, and destinations of electronic records.
6. Procedures and employee designated for determining whether an item is a record.
7. Procedures for adding, revising or deleting records and data, and any other details necessary to implement the Records Management Plan.
8. Records Retention Schedule.
9. Provisions for the storage and retrieval of records in the event of an emergency or disaster.

10. Staff positions authorized to access district records.
11. Procedures to be implemented in the event of a litigation hold that immediately suspends disposition of all records relevant to the current or potential claim. Such procedures shall specify:
 - a. Who can initiate a litigation hold.
 - b. How and to whom a litigation hold is communicated.
 - c. Who will determine which records are subject to the litigation hold.
 - d. Who will be responsible for collecting and preserving such records and data.
 - e. Who will be responsible for monitoring and ensuring the district's compliance with the litigation hold.
 - f. In what format the records will be collected.

When possible, records and data shall be stored in their original form, including metadata, such as creation date, author, type of file, etc.

For any record not covered by the Records Retention Schedule, the Records Management Committee shall determine how long the record shall be kept and recommend any necessary revisions to the retention schedule.

The district shall maintain and dispose of records in a manner that protects any sensitive, proprietary or confidential information or individual privacy rights, and helps conserve natural resources.

Manual Records

Manual records, which include all records not stored electronically, shall be retained and disposed of in accordance with the Records Management Plan.

Manual records shall be indexed in an organized and consistent manner, reflecting the way the records will be retained and referenced for later retrieval.

The district shall develop and maintain adequate and up-to-date documentation about each manual record system. Documentation may:

1. List system title and responsible employee(s) or office.
2. Define the contents of the system, including record formats.
3. Identify vital records and information.
4. Determine restrictions on access and use.

Electronic Records

Electronic records shall be retained and disposed of in the same manner as records in other formats and in accordance with the Records Management Plan.

Electronic records shall be indexed in an organized and consistent manner, reflecting the way the records will be retained and referenced for later retrieval.

The district shall develop and maintain adequate and up-to-date documentation about each electronic record system. Documentation may:

1. List system title and responsible employee(s) or office.
2. Specify all technical characteristics necessary for reading or processing the records stored on the system.
3. Identify all defined inputs and outputs of the system.
4. Define the contents of the system, including records formats and database tables.
5. Identify vital records and information.
6. Determine restrictions on access and use.
7. Describe update cycles or conditions.

Email Records

Email messages, in and of themselves, do not constitute records. Retention and disposition of email messages depend on the function and content of the individual message.

Records on an email system, including messages and attachments, shall be retained and disposed of in accordance with the district's Records Management Plan.

Email messages and attachments that do not meet the definition of records shall be deleted as required by the Records Management Plan.

Email records may be maintained as an electronic record or be printed and maintained as a manual record.

For each email considered to be a record, the following information shall be retained:

1. Message content.
2. Name of sender.
3. Name of recipient.
4. Date and time of transmission and/or receipt.

Contractors

Records created or maintained by contractors employed by the Board shall be retained and disposed of in accordance with the Records Management Plan.^[9]

Records Disposal Request
Records Disposal Log

1. Purpose

This Records Retention and Disposition Schedule provides guidelines to implement School Board Policy 800 Records Management. The purpose of these guidelines is to provide a plan for managing the District's records and to provide continuing authority to dispose of records which are no longer needed or useful to the District. Retaining only necessary electronic and physical records will reduce cost and storage space needed for record retention, and will conserve the District's resources. Moreover, this schedule provides an orderly and systematic records retention system – providing a basis for an organized and functional use of District records.

2. Schedule Must Be Followed

This Records Retention and Disposition Schedule can only function effectively to conserve District resources and costs if followed by all of the District's employees. This schedule establishes the **minimum length of time** for retention of the records identified below. No records shall be intentionally destroyed in contravention of this schedule except as enumerated below.

3. Record Retention Officer

The Superintendent shall identify a "Record Retention Officer" as central point of contact for the District who will coordinate the retention and disposition of records in accordance with this schedule. No records identified herein may be destroyed without approval of the Record Retention Officer. The Record Retention Officer shall maintain a log of all records destroyed pursuant to this schedule.

4. Record Disposal Procedure

The following procedure must be followed for the destruction of any of the records identified in this schedule.

- a) A request to dispose of a non-permanent record shall be submitted to the Record Retention Officer by the employee requesting permission to dispose of the record(s), or may be initiated by the Record Retention Office unilaterally, utilizing a Record Disposal Request Form (attached as Appendix A).
- b) The Record Retention Officer shall review the destruction request and shall grant the disposal request upon verification that the applicable retention period identified herein has been met.
- c) Upon review, the Record Retention Officer shall indicate approval or disapproval on the request form and return a copy to the employee who submitted the disposal request. If approved, the employee may then destroy the records identified on the request form.
- d) If approved, the Record Retention Officer shall record the disposal of the records in the records disposal log that he or she maintains. (Attached as Appendix B)

5. Methods of Record Disposal

If records destroyed pursuant to this schedule may contain confidential information, care must be taken to ensure the continued security and confidentiality of that information. Paper and physical records that may contain confidential information shall be shredded or incinerated. Electronic records that may contain confidential information shall be overwritten or destroyed in such a manner that confidential information may not be readily recovered. Any records stored with a vendor or contractor that are disposed of pursuant to this schedule may be destroyed directly by the vendor or contractor with written assurances that the records have been destroyed.

6. Duplicate Records

This schedule applies to any form of the records identified herein (paper, digital, microfilm, book, other electronic media, etc.) and only applies to the one official record. Duplicate copies need not be retained. Wherever practicable, the original record shall be maintained as the official record.

7. Retention of Records Received Via Email

This schedule provides for the systematic retention of e-mail for a limited period of time. However, in many cases, other records identified in this schedule with longer retention periods may be received via e-mail (e.g. accident report received via e-mail; employee requests for leave; special education records, etc.) In such a case, it is the responsibility of the employee(s) receiving the e-mail record to retain the record in accordance with this schedule, even if that requires saving the record in a format other than via e-mail.

8. Litigation Hold Procedures

No record, that would otherwise be eligible for disposition pursuant to this schedule, shall be destroyed if the District becomes aware that the record may be needed for pending litigation.

Any District administrator, upon being notified of pending litigation and/or the need to preserve certain records for litigation, shall immediately notify the Superintendent and the Records Retention Officer in writing to ensure the preservation of the proper records and suspension of any record disposal activities for the records in question. The Records Retention Officer shall coordinate with the District Solicitor or Special Counsel to ensure that all required records are preserved for the duration of any litigation. Records retained pursuant to a litigation hold shall be retained until the final disposition of all litigation proceedings and upon the written instruction by the attorney for the District that the records may be destroyed.

9. Records NOT In This Schedule

Records not identified in this schedule may be disposed of without written approval by the Records Retention Officer **unless** the employee has been notified that the record is subject to a litigation hold or has been notified that the record is currently the subject of a Right to Know Request under Pennsylvania law. If the employee has been notified of such a request or litigation hold, the record shall not be destroyed except with permission by the Record Retention Officer

10. Exceptions

Requests for exceptions to this schedule should be submitted in writing to the Records Retention Officer. Upon review of the request, and only with approval of the Superintendent, the Records Retention Officer *may* grant an exception to this schedule so long as the exception does not substantially impede the overall purpose of this schedule as stated above.

11. Interpretation

Under certain circumstances it may be unclear which retention time period applies to a particular record. In such a case, the Records Retention Officer shall be responsible for interpreting the applicable retention period pursuant to this schedule.

12. Review

The Superintendent, or his or her designee, shall ensure that this Records Retention and Disposition Schedule is reviewed regularly to ensure full compliance with mandatory legal retention periods and to ensure that the schedule is achieving the Board's stated purpose enumerated above. Any suggested changes to this schedule should be submitted to the Records Retention Officer.

13. Calculation of Time Periods

Each school year shall begin July 1 and end on June 30. Records may be disposed of after June 30 of the year in which the retention period expires.

Examples:

- A. Records retention period is until the conclusion of the school year. Record is dated Feb 2, 2017.

Records may be destroyed as of July 1, 2017.

- B. Record retention period is one year. Record is dated Feb 2, 2017.

Record may be destroyed as of July 1, 2018.

14. Policy Availability

All employees shall be provided with a copy of this Records Retention and Disposition Schedule along with School Board Policy 800 Records Management. The policies and the Record Retention and Disposition Schedule shall also be posted on the District's website.

15. Special Rules For Interpreting These Guidelines

These procedures are intended to establish internal expectations of the District for its staff in the implementation of District Policy 800 Records Management. These procedures are not intended to establish legally binding norms or enforceable rights or causes of action in any individual, including students and their parents. The intent of these procedures is to enable the District to comply with existing legal record keeping requirements without retaining unnecessary records and documents. To the extent that any provision of these guidelines is determined to violate any law, that provision only shall be deemed void, and the remainder of these procedures shall remain in effect.
